1. Purpose

The purpose of this Procedure is to outline the protocols associated with the Student Admission Policy, the intent of which is to provide clarity, consistency and transparency with respect to admission requirements and processes for all applicants to the Australian Institute of Higher Education Pty Ltd ('the Institute').

2. Scope

This Procedure applies to all prospective students of the Institute, and staff that are responsible for the assessment of student applications.

3. Definitions

See the AIH Glossary of Terms for definitions.

4. Actions and Responsibilities

4.1 Application Process

4.1.1 Eligibility for Entry

Applicants (Domestic and International) being considered for an Australian Institute of Higher Education ('the Institute') course must:

- Be eligible for admission,
- Lodge an Application Form signed by the applicant, and
- Provide evidence that they have met the published academic and/or English entry requirements for the course.

Applicants who are International students will only be eligible to enrol as a full-time student. All applicants must also be over 18 years of age at the time they commence the course for which they have applied.

Incomplete applications may result in delays in the admission process. Successful applicants will receive a Letter of Offer and details for payment of tuition and other fees, and orientation. Unsuccessful applicants will receive formal notification that their application has been unsuccessful, including the reason.

4.1.2 Verification of Documentation

Certified copies, together with English translations (where appropriate), of documentation included in an application for admission must be appropriately verified. Persons eligible to certify documents are an authorised officer from the institution that originally issued the document, an Australian Overseas Diplomatic Mission or Australian Education Office, an authorised representative of the Institute, a Notary Public, or a Justice of the Peace. The authorised officer must sign and print their name clearly, include the date and an official stamp or seal of the authorised officer's organisation. The Institute reserves the right to contact the issuing institution for verification of qualifications.

4.1.3 Assessment Levels (International Students)

The issuance of a Letter of Offer or electronic Confirmation of Enrolment (CoE) is determined according to the Evidence Level for each country under the Simplified Student Visa Framework (SSVF).

4.1.4 Student Visa Requirements

International applicants who require a Confirmation of Enrolment (CoE) and student visa to enrol in a course may be required to undertake additional checks by the Institute to assess their eligibility to be granted a 500-student visa. Depending on the risk of the country, additional checks may be performed. These checks include but are not limited to providing answers to the targeted questionnaires, a GS interview, and financial checks.

4.2 Deferral of Commencement (International Students)

Deferral of course commencement must be requested in writing at least one week prior to the start date of the course. If there are extenuating circumstances, deferral of commencement may be approved later than one week prior to the start date by the Principal Executive Officer or nominee.

Students are allowed to defer the commencement of a course on medical grounds or other exceptional/compassionate circumstances. Please refer to the International Student Deferral, Suspension and Cancellation of Study Policy and associated Procedure and the Refund Policy for International and Domestic Students and associated Procedure for further information.

The deferral will be valid for 6 months or 2 intakes from the time the offer is applicable. After the expiration of the approved deferral period, the applicant will be required to reapply for admission.

4.3 Conditional Offer to International Students

International students applying to study an Institute course must meet both the Institute's educational and English language proficiency entry requirements and the Department of Home Affairs requirements for student visa (subclass 500) applications.

Although all applicants must have the educational entry requirements demonstrated and evidenced at the time of application, some international student applications may not have met the English language entry requirements.

Applicants who have provided evidence of meeting the educational requirements but not the English language entry requirements may apply for Conditional Offer of Admission into their chosen course. Before issuance of a Confirmation of Enrolment (CoE), the applicant will need to either meet the English language requirement by providing the necessary test score result, or provide a CoE for an approved English for Academic Purposes (EAP) program offered by an ELICOS provider accepted by the Institute.

Not all applicants will be eligible for a Conditional Offer as some applicants will not be able to secure a student visa with an unconditional offer and acceptance for direct entry into the principal course of study.

Students who do not meet the Conditional Offer requirements should refer to the Refund Policy for International and Domestic Students and associated Procedure.

4.4 Entry by Articulation Agreement

In addition to the information prescribed above, applicants must also provide verified copies of academic qualifications and transcripts from the articulating institution and refer to the Institute's Register of Articulated Institutions Log for the list of articulated institutions and the conditions of articulation. This must be read in conjunction with the Advanced Standing

Policy and associated Procedure.

4.5 Entry with Advanced Standing or Credit

Applicants who wish to apply for advanced standing for a part of their course of study where articulation agreements do not exist should refer to the Advanced Standing Procedure and lodge their application concurrently with their application for admission. The outcome of this application will be determined by the Principal Executive Officer, or his/her nominee, on a case-by-case basis. A database of the applications and their outcomes will be maintained for review by the Teaching and Learning Committee.

Applicants with prior experience can be assessed through providing a position description and CV which includes position details, position purpose and key responsibilities, subject to academics and/or delegate's review and assessment.

4.6 Offer of Places

- Offers of places will be made in accordance with this Procedure and the related Policy.
- All offers are made in writing and acceptance must be made in accordance with the Letter of Offer and completed by the specified dates.
- Acceptance of an offer of a place shall be taken to constitute acceptance by the applicant of all published rules and regulations of the Institute.
- Any applicant providing false or misleading information may have their offer withdrawn and enrolment cancelled.

5. Version Control

This Policy has been endorsed by the Australia Institute of Higher Education Academic Board as at April 2024 and is reviewed every 3 years. The Policy is published and available on the Australian Institute of Higher Education website <http://www.aih.nsw.edu.au/> under 'Policies and Procedures'.
